## Eustace Whiskers

*The rogue of a cat who got the cream . . .*

Eustace Whiskers is a gambler, a liar and a cheat, but there's nobody better to have at your side when the chips are down. Quick with his sword and even quicker with a witty comeback, this silver-tongued charmer is a devil with the ladies in every port along the Tame.

Eustace is loyal, cunning and never gives up, but he doesn't work for free, as his two little sisters back home rely on him to keep them.
