Pebbles

A mysterious otter with a kind heart . . .

Pebbles, Peb to his friends, was found abandoned as a pup on the steps of the Red Barrel tavern. The owners, Mum and Pop Ney, took in the big, clumsy, always-sleepy but incredibly strong youngster, and raised him as a brother to their own children, Hack and Watt.

He still has no idea where his real home might be, but his mystical connection to nature and keen senses make him valuable as a scout.
