Lyria Neevil

A squirrel with very little attitude . . .

Lyria Neevil trained as a herbal healer in the mountains of Neevis, and discovered much more exciting magic when she met a young wizard in her teens. Although their whirlwind romance came to an abrupt end when Brace, the boyfriend, fell into a ravine while trying to fly, Lyria stuck to her studies and became the thirteenth best spellcaster in the South. There was a contest. She got a ribbon. It was emotional.
